

◆ PROTECTION TREATMENT

CAR BODY FILM (CARPROTECT)

An efficient protection solution for car bodies which dramatically reduces daily deterioration.

PROPERTIES

- Prevents all kinds of scuff voluntarily done or not (vandalism, car wash brushes, etc.).
- Prevents micro-marks (gravel spatters, door knocks...).
- Eliminates corrosive attacks on paints (insects and bird excrements, etc.).

STRONG POINTS

- Does not damage the surface and maintains its original state when removing the film.
- Easy-care.
- Cost-effective and environmentally-friendly.

APPLICABLE SUBSTRATES

The film can be applied on all car bodies (metal, plastic) and on all kinds of vehicles: car, coach, bus, van, train...

APPLICATION PROCESS

The car body film can be applied on the entire perfectly clean car body. If the surface is damaged, it has to be repaired beforehand. The application must be done by professionals: our teams are trained in our school and certified by the biggest film suppliers and manufacturers.
