

## ENHANCEMENT TREATMENT

# MAKEOVER COATING

A practical and attractive solution to arrange, decorate or convert your space in record time and at low cost.

### PROPERTIES

- Decorates and customizes all kinds of surfaces.
- Transforms the original aspect by reproducing fabric, leather, wood, stone and metal so similarly that one could be mistaken for.
- Renovates all kinds of furniture: desks, wardrobes, walls, doors, reception desks, display stands, etc.

### STRONG POINTS

- Extends the life of your furniture and avoid replacing it.
- Standardises disparate furniture.
- Decorates and stages a space.
- Quick installation compared to classic solutions (paint, replacing of the furniture, etc.).
- No interruption of onsite activities during the operation.
- Cost-effective and environmentally-friendly.
- Possible combination with protection and renovation solutions.

### APPLICABLE SUBSTRATES

All indoor or outdoor flat or curved surfaces made of any material. (laminated or metal panel, wood, plexiglass, painted, etc.).

### APPLICATION PROCESS

The makeover coating can be applied indoors or outdoors on a smooth, clean and dry surface.

The application has to be done by professionals. Our teams are specially trained in our school and certified by the biggest film suppliers and manufacturers.

Our teams have personal safety equipment. For outdoor high-rise work, they will use aerial lifts, scaffolding or rope and wear safety harnesses.

The intervention area will be marked out.

Intervention are possible 24/7.
